

12th International Conference on Optics-
photonics Design and Fabrication
ODF'20, Taoyuan, Taiwan
1st-3rd June, 2021

Dear ODF'20 committee members, speakers, authors and fans,

Due to the unexpected influence by Covid-19, the best strategy for the current situation is to limit physical social activity, including face-to-face conference or meeting. Thus ODF'20 has decided to postpone the conference date from 2nd-4th June, 2020 to 1st-3rd June, 2021. We sincerely apologize for all the inconvenience. In order to keep the glory history of ODF, the postponed ODF is still named ODF'20.

We treasure your participation in ODF, and look forward to seeing you, talking to you and listening from you on ODF'20 in 2021 at National Central University, Taiwan.

With best wishes,
